

Museum Fun From Home - Glitter Fish Mosaic!

Mosaics are **assembled** out of **tessera** (small pieces of glass, stone, or other nature-based materials). When made out of glass, these pieces are typically cut into squares or shaped using special tools. Your Glitter Fish will be an assembly of stickers!

Share your creations with us at info@cmfdl.org!

MEET THE ARTIST!

Anne Marie Price grew up in North Fond du Lac, WI and began her career as a mosaic artist in 2003. She is an award winning artist and teacher in Huntington Beach, CA. Anne specializes in creating natural mosaics with items found on the beach and her signature surfboards. Take a look at her gallery at: www.AnneMariePrice.com and find her on Facebook @ Anne Marie Price/AMP Art Studio.
