

Museum Fun From Home - Bird House

More than 400 bird species have been found in Wisconsin, according to the Wisconsin Society for Ornithology, but only about 250 of those birds are regularly spotted in the state. **Birdhouses** provide shelter to cavity-nesting species, which for the most part eat insects and berries instead of seeds. Because they draw different kinds of birds, houses add to backyard diversity.

Share your creations with us at info@cmfdl.org!

Can you spot these birds outside?

Oriole

Cardinal

Woodpecker

Finch

Bluebird

Bluejay

Robin-(state bird of WI)

Hummingbird

Additional Learning Opportunities with Birds

1. Construct a Pine Cone Bird Feeder

Supplies:

- a. Pine Cones
- b. Peanut Butter
- c. Small Bowls
- d. Popsicle Stick
- e. Paper Plate or Tray
- f. Bird Seed
- g. Twine or String
- h. Scissors

Directions:

1.

2.

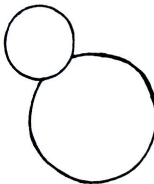

3.

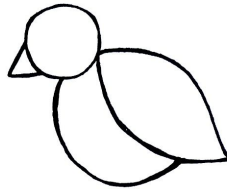

2. Draw a Bird and Color

1.

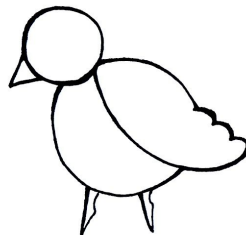

2.

HOW TO DRAW A BIRD
